

Bachelor • Lisboa

INDUSTRIAL ENGINEERING AND MANAGEMENT.

Direction

José Francisco De Oliveira Santos
p540@ulusofona.pt

Secretariat

Tânia Pereira
engcivgind@crm.ulusofona.pt

Duration

3 Years

Credits

180 ects

Exams

Have the following set:

- 07 Física e Química and 19 Matemática A

Presentation

STUDY PLAN

1st Year / Common Core

Semestral	ects	1º Semestre	ects	2º Semestre	ects
Calculus II	5	Algebra	5	Business Organization and Management	5
		Calculus I	5	Computer-Integrated Manufacturing	3
		Chemistry	5	Introduction to Programming	3
		Computer-Aided Mechanical Drawing	4	Mechanics Technology I	6
		Introduction to Engineering and Industrial Management	5	Physics	5
		Materials Engineering	6	Technology-Based Entrepreneurship and Innovation	3

2nd Year / Common Core

1º Semestre	ects	2º Semestre	ects
Elements of Mechanical Engineering	5	Differential Equations	5
Financial Accounting	4	Economics	5
Logistics	5	Fluid Mechanics	5
Mechanics Technology II	6	Integrated Management Systems	5
Probabilities and Statistics	5	Methods Engineering	5
Thermodynamics	5	Quantitative Optimization Methods	5

3rd Year / Common Core

1º Semestre	ects	2º Semestre	ects
Decision Support Methods	5	Energetic Management	5
Maintenance Management	5	Management Planning and Control II	5
Management of Stocks	5	Project	9
Management Planning and Control I	5	Robotics and Automation	5
Quality Control	5	Technical Installations	6
Simulation and Forecasting Techniques	5
