Duration

0 Anos

Credits

6.5 ects

Presentation

This course provides professionals with in-depth knowledge of sustainability applied to film and media production. Through the integration of environmental management systems, restructuring of work processes and adoption of innovations, participants will learn to foster green practices. Complemented with case studies and a focus on effective communication, the course offers a holistic approach, considering ethical, social and environmental dimensions of the industry. Based on the "Hochschule der Medien Stuttgart/Germany" model From 07 November 2023 to 12 April 2024
Certification workload: 6,5 ECTS = 180 h / 16 weeks Language: Portuguese and English
