## Presentation

Lusófona Law University offers summer courses annually, always including at least one which offers an introduction on the major features of human rights law. The courses can be combined in tracks with one of the other summer schools of Lusófona Law University. Summer School will take place at the Campus of the University during July 2026. The classes will be intensive and taught in English language. Each summer school have a duration of one week. Lusófona Law University as member of OCEAN - Open Council of Europe Network will bring Researchers, Professors and Practitioners from Europe and Council of Europe, improving exchange experiences and knowledge, as well recommend complementary study with HELP Courses from Council of Europe, under collaboration of HELP in Universities. In this summer school you will learn about children's human rights and legal instruments, as well the Recommendations of the Council of Europe for a timely manner justice and child friendly justice when facing legal system.
